## Tutorial

### Description

- ▶ This tutorial will show you how to add a product to the system.

### Learning Outcomes

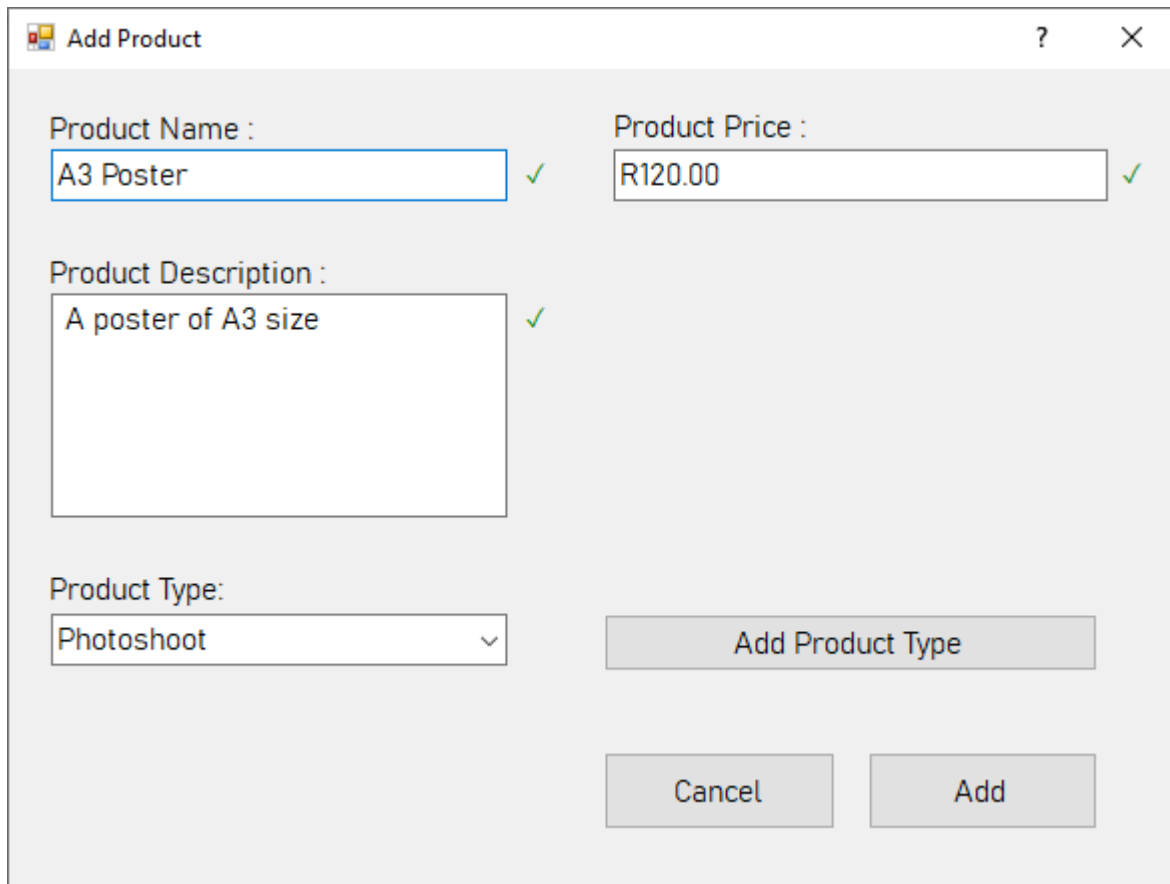

#### AT THE END OF THIS TUTORIAL YOU SHOULD BE ABLE TO:

1. Successfully add a new product to the system.

### Process of Execution

#### ADDING A PRODUCT TO THE SYSTEM:

1. Enter the product details into the textboxes on the [Add Product Screen](#).

A screenshot of a software window titled "Add Product". It contains four input fields: "Product Name" with the value "A3 Poster", "Product Price" with the value "R120.00", "Product Description" with the value "A poster of A3 size", and "Product Type" with a dropdown menu showing "Photoshoot". Each input field has a green checkmark to its right. There are three buttons: "Add Product Type" (disabled), "Cancel", and "Add".

Product Name :  
A3 Poster ✓

Product Price :  
R120.00 ✓

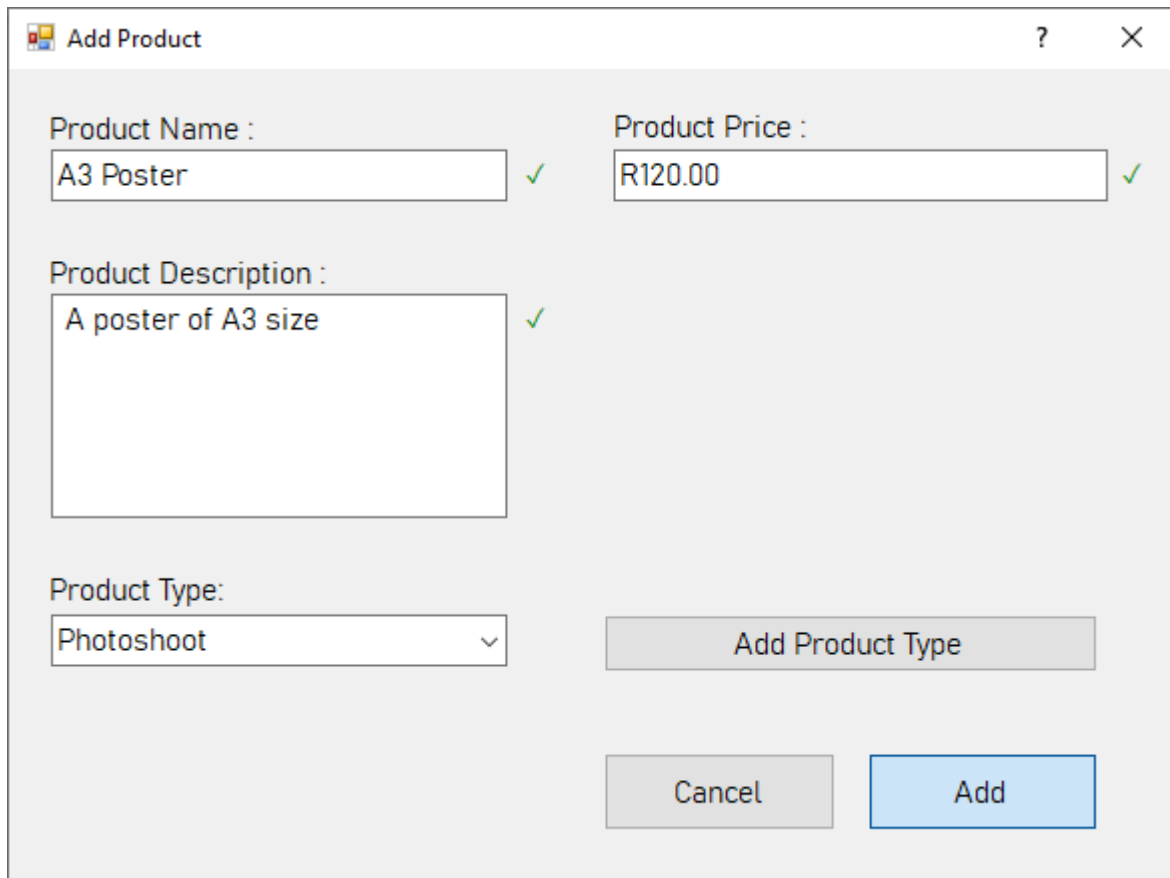

Product Description :  
A poster of A3 size ✓

Product Type:  
Photoshoot ▼

Add Product Type

Cancel Add

2. Click the [Add Button](#).

A screenshot of the same "Add Product" window as above, but with the "Add" button highlighted in blue. The other elements remain the same.

Product Name :  
A3 Poster ✓

Product Price :  
R120.00 ✓

Product Description :  
A poster of A3 size ✓

Product Type:  
Photoshoot ▼

Add Product Type

Cancel Add
