

7.8. Edit Event Type Screen

Edit Event Type Screen - Details

- ▶ The [Edit Event Type Screen](#) displays the necessary details to update an event type to the system.
- ▶ All event type details, are required to update an event type to the system.

Edit Event Type Screen - Layout

The screenshot shows a window titled "Edit Event Type" with standard Windows window controls (minimize, maximize, close). The window contains two main input fields, each with a green checkmark to its right, indicating they are required. The first field is labeled "Name :" and contains the text "Wedding"; it is marked with a blue number "1". The second field is labeled "Description :" and contains the text "This is a wedding event"; it is marked with a blue number "2". At the bottom of the window, there are two buttons: "Edit" (marked with a blue number "3") and "OK" (marked with a blue number "4").

Edit Event Type Screen - Controls
